### Winston Academy

Winston Academy, founded in 1969, began operation with a faculty of 5 and a student body of 30 sixth, seventh, and eighth graders.

In September, 1970, 286 students in grades one through ten began the school in the newly-built Academy.

In succeeding years the school program expanded from kindergarten through twelfth grade. Additional classrooms and activity facilities have been added to the campus.

1981-1982 is a special year for Winston Academy. Eleven of the 1982 seniors will be the first graduates in Winston Academy's history to have completed all 12 years at Winston Academy.

We are proud!

# DEDICATION

As we reminisce our years at Winston Academy, a special person comes to mind. She is a teacher who cares and does all the little "extras" to lend a helping hand to her students. She has served as the Junior High Math teacher since 1970. She has taught her students to have pride in themselves and their work. For these reasons the Winston Academy Citadel Staff proudly dedicates this 1982 edition of the Citadel to

# HOMEcoming 1981

Homecoming 1981 was the best we have ever had. This year's theme was "Alice In Wonderland." Door decorations and a field exhibit were prepared by the classes to fit the theme. In the afternoon a play was presented in which the homecoming court was announced. That night the Patriots had an overall victory over the Clark Academy Tigers. Homecoming at Winston Academy seems to always bring about that great feeling of PRIDE.

1980 Queen Lisa Hughes crowned 1981 Homecoming Queen Patty Bagwell during halftime ceremonies. Patty's escort was her father, Mr. Coley Bagwell.

# you'll have these moments to remember.

There'll be things about school that you'll never forget. Sure, there'll be the get-togethers with the old gang and you'll laugh about the teacher that everybody hated. But hidden inside you will be the fond memories and appreciation for those folks who meant so much to you along the way.

You'll probably be too proud to ever let on how much you really think of your "Ole Man" for putting up with your hard-headed ways. Or how much it meant to you for Mom to assure you in her own way that things were going to work out alright. And although you'll really never admit it . . .

you'll miss those years that once seemed so dull.

At First United Bank of Mississippi, we hope the memories of your younger days will always be good ones. First United Bank of Mississippi . . . we'd like to help with your future.

## FAREWELL

I would like to express my gratitude to the administration, faculty, and student body of Winston Academy for their support in the production of this year's annual. The annual staff could not have made this yearbook the finest in history without their cooperation.

After attending Winston Academy for twelve years, there was one goal I wished to accomplish this year, and this annual helped me reach it. I was able to leave my classmates something in return for their friendship and support — a yearbook that would be a living record of Winston Academy and its memories.

I chose "Pride" as the theme for this annual to illustrate just how important pride is in our school. Being a private school we have to join together and support our school in order for it to live on. Without this "Pride" our school could not exist. I hope that each of you have seen this. I am proud to be a Winston Academy Patriot.
